Appeal Comments

No Overpayment for DC locality pay from 8/2017 to 1/2018. He took job that required DC duty station, but he continued to do job from [REDACTED] & never relocated to DC. Record shows he applied for and accepted a position with a listed duty station of Washington, DC. SF50 had DC as duty station & 13 ELSs listed DC as duty station. Emails btwn [REDACTED] & OARM shows OARM clearly telling him he was required to relocate. Claims duty station was incorrect; didn't know about overpayments; & financial hardship.

8/20/18 [REDACTED] sends requested emails he says he included & emailed OARM asking for his ELSs, job announcement, and application.

5/10/18 OARM: "the position was advertised with a DC duty location only, we would not have been able to locate him or any other selectee in [REDACTED] even if the program or [REDACTED] had requested it.

5/9/18 OARM: "We certainly feel that he was dishonest with us. He knew the position was located in DC and that he would have to physically relocate. He led us to believe he had moved. We are unsure of what OCFO management knew and no one there told us he never reported to work. He claims he thought he was still covered by 100% telework. We explained that is based on the position you were in and it's not blanket approval for 100% telework no matter what job you're in. Also, I believe when his duty station changed to DC this put him in AFGE which doesn't allow full time telework. We are vehemently opposed to his debt waiver being approved."

5/9/18 email to [REDACTED] HR Shared Service Center requesting SF50s.
